(1) Dogs, cats and ferrets prepared for the Pet Travel Scheme in, or returning to the UK from the Republic of Cyprus, may enter or re-enter the UK without a blood test. However, animals travelling from north Cyprus (the area north of the Buffer Zone) must be blood sampled at least 30 days after vaccination against rabies and wait 3 months before travelling to the UK.

(2) Includes St Barthelemy and St Martin (French part of the island)
