(1) Cats from Australia are prohibited from entering the UK unless they are accompanied by a certificate from the Australian Veterinary Authorities confirming that they have not been on a holding where Hendra virus has been confirmed during the 60 days prior to export.

(2) Although Jamaica is a qualifying country under the EU Regulation, Jamaican law currently prevents the involvement of that country in the Pet Travel Scheme. Animals prepared for the Scheme may not enter Jamaica and animals may not be prepared for the Pet Travel Scheme in Jamaica.

(3) The Russian Federation consists of 88 subjects (regions). Please note that the following Republics are not part of the Russian Federation: Moldova, Georgia, Ukraine, Armenia, Azerbaijan, Turkmenistan, Uzbekistan, Kazakhstan, Kyrgyzstan and Tajikistan.

(4) The import into UK of dogs and cats from Malaysia (Peninsula) is prohibited unless health certification provided by the Malaysian veterinary authorities is provided which confirms that the cat or dog:

- has had no contact with pigs during at least the 60 days prior to export
- has not been resident on holdings where during the past 60 days any case of Nipah disease has been confirmed
- has been subjected with a negative result to an IgC capture ELISA test carried out in a laboratory approved for testing for antibody against the Nipah disease viruses by the competent veterinary authorities on a sample of blood taken within 10 days of export
